23	1	The race	49	20	Lovely image capturing the action of the race and leaving enough room on the right for the front horse to travel into. Good for composition and technical points well sh
60	1	Autumn graveyard	33	13	Nice lighting I think compositionally you could have made more of this image with the mysterious building in the background.
75	1	The Estuary	35	14	I like the sky in this image but a little too much of the foreground and I am not sure what the ain focus of the image is perhaps a longer focal length would have helped t and seagulls.
82	1	The Eyes have it!	45	18	Good image well taken sharp in eyes and beak and beak whites well handled.
90	1	The Snapper	35	14	lovely shot of the child good colours she is engaging well with photographer but I think cutting the arm of the photographer is not the best composition.
102	1	Shield Bug	45	18	good shot of the shield bug good for sharpness and colour nice background maybe a bit too much of the blurred part of the yellow flower in the image
160	1	Emerging	48	19	Great action shot well captured good for composition colour sharpness well captured
166	1	Fishing Forbidden	40	16	good idea for the shot pity the heron wasn't a bit closer to the sign but well captured
208	1	Not sailing tonight	40	16	Love the atmosphere of the shot and muted colour tones apart from the flashes of blues and yellows on the boats
219	1	Ruffles	38	15	Heron good and sharp but blends into the background too much as very similar colour palette maybe brightening or darkening the background might have helped.
303	1	Garden Lunch	42	17	nice image of puffin sharp enough and nice smooth background needs a little more light in the image.
383	1	Baby Seal doo doo doo doo	40	16	like the image good for sharpness but could do with a little more texture on the fur very shallow dof so fall off very quickly along the body
